

# car harmonizer

## Description

On average, we drive a staggering 540 hours each year. Throughout the past decade, advanced navigation and communication technologies have turned cars into major electromagnetic radiation (EMR) zones. Battery-powered hybrid cars present an even bigger concern, emitting significant amounts of EMR. The GIA Car Harmonizer is the most convenient way to enjoy an energetically harmonious environment in your car. Simply place the GIA Car Harmonizer in your car's center console or attach it to your key-chain, and enjoy! The Car Harmonizer also features a convenient, environmentally friendly solar charger for a number of your electronic devices.

## Features

- Designed specifically for use in automobiles (including hybrids)
- Features universal charger for multiple hand-held electronic devices, plus a bright LED flashlight
- An effective way to reinforce your body's natural resilience to the effects of electropollution exposure
- 2 cables and 3 universal adapters included

## Available In

- Single
- 2 pack
- 4 pack
- Car Harmonizer Replacement Decal

## How to Use

- Simply place the Car Harmonizer in your car's center console or attach it to your key-chain, and enjoy!
